LOS ANGELES

The Los Angeles-Long Beach metro is located entirely within Los Angeles County, covering 4,751 square miles. The county encompasses 88 incorporated cities and numerous unincorporated areas. It is bordered on the east by San Bernardino County, on the north by Kern and Ventura counties, on the west by the Pacific Ocean and on the south by Orange County. The area is home to nearly 10 million residents. The city of Los Angeles accounts for nearly 3.9 million people, and the Los Angeles coastline stretches along 81 miles of world-famous beaches. The Santa Monica and San Gabriel mountains are located in the county, with the highest point at Mount San Antonio reaching more than 10,000 feet.

METRO HIGHLIGHTS

ECONOMIC CENTER

Los Angeles is the entertainment capital of the world, as well as a leading international trade and manufacturing center.

PROMINENT PORT ACTIVITY

The Port of Los Angeles and the Port of Long Beach are the largest and busiest ports in the nation, making the metro a key link in the international supply chain.

JOB AND POPULATION GROWTH

A desirable climate, proximity to the ocean and recreational opportunities lure companies and residents to the metro.

TRANSPORTATION

- The region has well-established and interconnected transportation systems by road, rail and sea, allowing access to most of the world's markets.
- Various interstate routes make the area accessible nationwide. This list includes interstates 5, 10, 15, 110, 210, 215, 405 and 710.
- Amtrak and Metrolink provide passenger rail service. Freight rail lines servicing the county include Union Pacific and BNSF.
- The expanding light rail network provides increased access to in-town travel.
- LAX is one of the busiest airports in the nation. Other commercial airports serving the county include Long Beach, Burbank and Palmdale.
- Alameda Corridor, a 20-mile railroad express line, facilitates port activity, connecting the two local ports to the transcontinental rail network east of downtown.

- Ten Fortune 500 companies are headquartered in the metro, including Walt Disney, Molina Healthcare, Edison International, Reliance Steel & Aluminum, Live Nation, Avery Dennison and Skechers USA.
- A sizable aerospace presence exists in the South Bay, led by employers that include Boeing, Northrop Grumman, Raytheon Technologies Corp. and SpaceX.
- Employers across a variety of industries employed approximately 4.565 million individuals at the onset of 2024, a record count.
- The metro's two ports make the area a hub in the domestic supply chain, fueling demand for warehouse and distribution space throughout the county.

- The population of nearly 10 million people makes Los Angeles County the most populous metropolitan area in the U.S.
- Nearly 190,000 new residents are expected through 2028, a dynamic that will positively impact the local economy and commercial real estate sector, following pandemic-related population declines.
- A median home price that is more than twice that of the U.S. average translates to a homeownership rate that is well below the national level.
- Approximately 30 percent of residents ages 25 and older have attained at least a bachelor's degree. More than 10 percent also hold a graduate or professional degree.

QUALITY OF LIFE

Los Angeles County enjoys pleasant weather, with sunshine throughout the year. Bounded by mountains and the Pacific Ocean, the temperature rarely rises above 85 degrees or falls below 40 degrees, and rainfall is moderate most years. During winter and early spring, it's possible to swim in the ocean and ski on the mountains during the same day.

There are almost 60 institutes of higher learning in the county, including one campus of the University of California system and six California State University campuses. Private institutions, such as Caltech, the Claremont Colleges, Occidental College and the University of Southern California, along with a number of community colleges, are also included in this count.

A number of professional and college teams are located in the area. Cultural venues include Walt Disney Concert Hall, Dorothy Chandler Pavilion, the Hollywood Bowl, Warner Bros. Studios, the Huntington Library, the Museum of Art, and the Natural History Museum of Los Angeles County.
